## **DETAILED ACTION**

### ***Priority***

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: while prior art was found that included moving a plurality of serially arranged depositors through a closed path for the purpose of depositing particles in layers on the outside surface of a carrier (see Berkey US Patent 4,684,384), prior art was not found where the closed path traveled by the depositors comprised a first loop to cause a right-hand twisting of the supply lines and a second loop causing a left-hand twisting of the supply lines. Similarly the device of claim 18 is considered allowable for the same reasons. Claims 2-17 and 19-32 are allowable as dependant from allowed base claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
